

**Preliminary Information to Support Proposed Project Ideas for Addressing Water Quality and Habitat Protection and Restoration in the Cayuga Lake Watershed**

**PROPOSED PROJECT #17: Wyllie's/Brooktondale Rd, Town of Caroline**

**Proposed Project Category: can address more than one issue**

1. Stormwater management and erosion control
2. Wetland & Riparian Corridor Management

**Does project relate to/advance any existing local, regional, watershed, or statewide plans?**

Cayuga Lake Watershed Restoration and Protection Plan

**Proposed Project Location:** Brooktondale Rd behind Extreme Motors (Six-Mile Creek)

**Landowner: Private Property:** Pete Wyllie

**Issue to be addressed:** Bed and bank erosion, farm land loss, well head encroachment, sediment transport.

**Proposed Project or Action:** Integrated stream management. Erosion control and stream alignment. Install upstream cross veins (involved several/5-6 upstream landowners), onsite cross veins, side vein, bank armoring. Re-establishing floodplain connection to stream and plantings.

**Is the proposed project or action based on standard practices typically employed for the issue at hand**  
Yes.

**Current Project Readiness** needs to be resurveyed and designed

**Approximate Project Timeframe** 12 months.

**Approximate Cost** \$100,000

**Potential Local Match Source** possible small land owner contribution; possibly Tompkins County habitat fund (total of \$25K/year)

**Contact(s) for Additional Information** Barry Goodrich
