

# Is your municipality looking for funding for water quality projects? Fill out this form!

The Cayuga Lake Watershed Intermunicipal Organization is asking municipalities for water quality focused project ideas that could be eligible for state grants. If your municipality has ideas for one or more projects that fit any of the categories below, we would love to hear your idea and work with you on a grant application submission in 2020.

- Wastewater Treatment Improvement
- Nonagricultural Nonpoint Source Abatement and Control
- Land Acquisition for Source Water Protection
- Salt Storage
- Aquatic Connectivity Restoration
- Municipal Separate Storm Sewer Systems (MS4)
- Nonagricultural Source Water Quality Improvement Planning
- Preparing or Updating or implementing a Local Waterfront Revitalization Program (including to mitigate future physical climate risks)
- Climate adaptation implementation projects
